7,000 MEN REMAIN UNACCOUNTED FOR

Only 3,000 of the Crews of Ill Fated Vessels Found.

ADMIRAL VOELKERSAM KILLED

Rojestvensky's Wound Is a Slight Fracture of the Skull—Description Telling How the Big Battleships Fought—Other News from the East.

Tokio, June 2.—Rough estimates made of the Russian losses in the battle fought in the sea of Japan, exclusive of nearly 4,000 prisoners, vary from 7,000 to 9,000. Calculating the complements of the sunken and captured ships at upwards of 10,000 men, 7,000 men remain unacounted for. It is possible that the ships which escaped rescued some of the members of the crews of the less fortunate ships. Many bodies have been washed ashore on the island and on the shores of the neighboring coasts near the scene of the big battle.

Admiral Voelkersam Killed.

Washington, June 2.—The state department has received a dispatch

from Minister Griscom at Tokio stating that it has been officially announced that Admiral Voelkersam was killed and not captured as previously reported to the department.

Rojestvensky's Skull Fractured.

Tokio, Wednesday, May 31, 7:15 p.m. —The serious wound of Admiral Rojestvensky who was taken to Sasebo on a Japanese battleship is a bruise on the forehead and a slight fracture of the skull. The nature of his internal injuries is not known. The admiral's temperature and pulse are normal, and there is no sign of brain trouble. He has other wounds, but they are not serious.

Story of Naval Battle.

London, June 2.—The Tokio correspondent of the Daily Telegraph sends an interesting description of the naval battle from a correspondent with the Japanese fleet who describes the scene as supremely terrible, the guns of nearly 50 warships firing. Togo's vessels, the correspondent says, maneuvered with perfect precision. For a time both belligerents gave shot for shot, but with a hostile squadron on each side and another ahead of him Rojestvensky was practically defeated within a few hours and was caught in the trap which had been waiting for him since he left Madagascar. He displayed hesitation in his tactics and this resulted in the utter confusion of the Russian fleet. An infernal concentration of fire reached its zenith at o'clock in the afternoon. As the ssians advanced, in the direction Vladivostok, a Japanese squadron lying between them and their destion, and the doomed Russians re battered on all sides. Between nd 5 o'clock in the afternoon a ser of the Admiral Nakhimoff and the repair ship Kamtchatka ered after their upper works had shattered. The Russians broke ter disorder, lost their formation went zig-zag. The Japaneses in and pressed them toward the coast.

ight lasted until 7 o'clock in ing. The correspondent con-

sked nothing and lost noth- arkness brought a glorious h smooth and transparent Russians were edging north- the powerful Japanese horizontal line across the ing as effective barrier. Then, under searchlights and the cover of the big guns of the warships, the Japanese torpedo flotilla began, like locusts, to sting and sting the enemy, the Russians continuing to return the gun fire. At 2 o'clock in the morning the fighting was fierce and intense and no rest was allowed the Russians.

With dawn of Sunday the Japanese fleet came into still closer range. All day long the battle continued, and by evening was raging off northern Nagoto. The Russians were powerless to offer any effective resistance.

Situation in Russia.

St. Petersburg, June 2—The extraordinary council at Tsarskoe-Selo yesterday reached no conclusion on the subject of peace, but definite reports says the emperor agreed to meet the internal situation by the immediate proclamation of a decree providing for the convocation of a national assembly. M. Witte, president of the committee of ministers who was present, is understood to have assumed the leadership of the advocates of peace and the imediate convocation of a national assembly is anticipated as the only means of averting the popular storm which is threatening to break.

The war party is dying hard. It is the unanimous opinion in diplomatic circles that the logic of events points to no other issue except peace, but the diplomats also admit that the decision rests with the emperor. But even when all the ministers except War Minister Sakharoff and Minister of Marine Avelion are surely arrayed against attempting to continue the people's struggle, the emperor has refused thus far to say a word. To a visitor on Tuesday his majesty is reported to have declared that he would rather die than sign an ignominious peace tract.

News from Manchuria.

Headquarters of the Japanese Armies in Manchuria, Via Fusan, Korea, June 2.—The Russians have been reconnoitering more actively on the plains west of the railroad.

More frequent rains than usual fell during the month of May. The rainfall in the past week was particularly heavy, resembling the downpours of the rainy season.

The Chinese are engaged in plowing and planting. The numbers of men and animals working for the army hinder this work, but the old men and the women with donkeys and cows are managing to till and plant the fields.

REBEL AGAINST OFFICIALS.

Cause of Trouble in Philippines Not a Revolt Against Uncle Sam.

Manila, June 2.—Brigadier General John M. Randall will sail for the United States on June 5.

Brigadier General Carter, commander of the department of the Viscayas now engaged in the pacification of the natives on the east coast of the island of Samar has 16 companies of infantry and 12 scouts operating in the field, with four more companies of infantry under orders.

The uprising of the natives in this quarter is not against the government. They have rebelled on account of the corrupt practices of native officials and hemp agents, who have been under paying them for their products. After removing this objectionable class of officials the military are inducing the natives to return to their peaceful pursuits, guaranteeing them protection.

Foundrymen's Wages Increased.

New York, June 2.—What promises a few days ago to develop into a foundrymen's strike in this city and vicinity has been averted by concessions to the workers. The largest firms have granted a demand for $2 and $3 a day minimum to go into effect at once. Six large firms in Manhattan and several foundries in New Jersey made the increases.

Excitement Causes Death.

Valparaiso, Ind., June 2.—Councilman Austin V. Flint, an old soldier, dropped dead while he was leaving the council chamber. He had come from a sick bed to vote for Joseph Zea, a comrade, who was a candidate to fill a vacant seat. His vote elected Zea, and his death it attributed to excitement over the election.

LEWIS AND CLARK EXPOSITION OPENS

Amidst Scenes of Festivity and Splendor at Portland.

GREAT THRONGS CROWD CITY

President Roosevelt Touches the Button that Started in Operation the Centennial Celebration of the Discovery and Opening of the Far West.

Portland, Ore., May 2.—Amidst a scene of festivity and splendor never equaled in the Pacific northwest with din and clamor of cheering thousands accompanied by the booming of artillery, the chiming of bells and the blaring of bands, Portland today made her greatest bow to the world in the formal opening of the Lewis and Clark centennial exposition. The event took place under conditions presaging complete access to this historical commemoration of the blazing trail to "Old Oregon" by Captain Merriwether Lewis and William Clark, who commissioned by President Jefferson, explored the great Oregon country one hundred years ago.

Today's celebration was participated in by the president of the United States and his personal representative Charles W. Fairbanks, representatives of the state and of the house of representatives of the national congress, of the army and the navy, together with the governors and staffs of the states of California, Idaho, Washington and Oregon, and multitudes of people from far and near.

The prelude to the actual opening ceremonies at the exposition consisted of the parade, a grand pageant of militarism led by Vice President Fairbanks, the congressional party, visiting governors, and other dignitaries and the exposition officials. With martial music constantly playing, this immediate forerunner of the actuality was greeted with continued cheering along the entire line. As the troops passed the mass of sightseers flanking the column fell in behind and when the exposition grounds were reached there was a stream of humanity miles long following in its wake. Thousands in the meantime, anticipating the onward rush, had packed themselves around the speakers' stand and occupied every point of vantage, and late-comers had to be content with being within seeing distance. As the parade swung into the grounds the vice presidential, congressional and fair parties were detached from the column and were escorted by the cavalry between long lines of cheering thousands to the New York state building. Almost simultaneously bodies of troops took their position on the esplanade, extending from the rear of the speakers' stand down to the lake front. Grand Marshal of the Day Colonel E. G. Steever, Fourth cavalry, U. S. A., had distributed the soldiery about the grounds, to hold the crowds in check and preserve order generally.

Everything being in readiness, at 11:45 o'clock Vice President Fairbanks and party emerged from the New York building, receiving the vice presidential salute of 18 guns. Flanked on either side by a line of troops, the party walked to the speakers' stand. As the word was passed that the party was coming, an air of expectancy settled over the crowd, which gave way to a tremendous outburst of cial party ascended to the speakers' cheering and hand-clapping as the official party.

Promptly at 12 o'clock noon, President H. W. Goode, of the exposition, arose, and, gavel in hand, announced the begining of the ceremonies which meant the realization of Portlad's dream. The announcement was received with tremendous cheering, that echoed back and forth.

The presidential salute of 21 guns was the signal to the impatient throng that the moment of the opening of the exposition was at hand.

All eyes were riveted upon a telegraph operator seated at an instrument on the speakers' stand, and while the guns were still booming, the movement of his hand at the key was a sufficient indication to the watchers that the president was being advised that all was in readiness to receive the signal from the White House that would formally open the exposition.

Then followed a wait for several minutes, marked by an impressive stillness, during which eye and ear was strained to catch the first move of the operator's hand or a sound from the telegraph instrument. Suddenly out of the quiet came a faint click, President Roosevelt's signal, and Oregon's greatest hour had come.

Almost simultaneously with the clicking of the telegraph instrument President Goode's gavel fell and he proclaimed the exposition open.

The throng seemed hardly to realize it, but as the clear, sweet tones of the cathedral chimes in the government building floated out and hundreds of flags broke to the breeze, and cannon roared their thunderous accompaniment to the "Star Spangled Banner" played by the massed bands, pandemonium lossed itself. One wild, exultant shout and then cheer after cheer resounded through the grounds, hats were thrown into the air and the noise was swelled by a thousand horns and the shrieking of whistles.

Can't Accept France's Proposition.

Tangier, Morocco, June 2.—The sultan has definitely informed St. Rene Taillalandir, the French minister, that he is unable to accept the French proposals for the reform of the administration of Morocco. His decision will be communicated to the representatives of the powers here together with an intimation that the sultan desires that any reforms introduced shall be by the consent of the powers. The foreign minister will ask for the views of each of the powers with the object of holding a conference on the subject.

Violated Lottery Laws.

Cleveland, O., June 2.—Byron Stapleton, a cigar dealer, was arrested here today on a federal warrant charging him with violating the United States laws in manufacturing and conveying lottery tickets from one state to another. Stapleton was indicted at San Antonio on the charge of conspiracy. Federal officers recently confiscated a large number of lottery tickets manufactured in San Antonio for a Mexican lottery, and it is said Stapleton was connected with the scheme.

Bonaparte Succeeds Morton.

Washington, June 2.—Mr. Roosevelt authorized the announcement that Charles J. Bonaparte, of Baltimore, Md., would be appointed secretary of the navy to succeed Paul Morton, who earlier in the day stated he would retire July 1 to go to New York to take charge of the plans for the construction of the subway system for operation in connection with the surface lines.

Senator Bacon Visits King.

Rome, June 2—King Victor Emanuel today received in private audience Senator A. O. Bacon, of Georgia, with whom he conversed most cordially, showing perfect knowledge of American affairs. The king said a president of the United States enjoys more power than a king of Italy. Referring to emigration, Senator Bacon said Italians were welcomed in the southern agricultural states.

WOMAN BRUTALLY MURDERED.

Burglar Kills an Ohio Woman Who Discovered Him in House.

Newark, O., June 2.—Mrs. Francis Wertz was brutally murdered early today by an unknown burglar who escaped.

Mrs. Wertz lived with her husband and 15-year-old grandchild, 7 miles from this city. Mr. Wertz had gone to the home of a neighbor and about midnight she heard a noise on the lower floor. Picking up a pitchfork Mrs. Wertz went down stairs accompanied by her grandchild. As she opened the stair door leading into the sitting room, a tall man struck her with a heavy club and then hit her repeatedly after she had fallen.

The grandchild rushed screaming from the house to a neighbor's, and when help reached the house the woman was dead and the murderer had fled.

ALFONSO IS TARGET OF BOMB THROWER

Spain's King, However, Is Uninjured By Explosion.

SUSPECT IS NOW UNDER ARREST

King Alfonso, of Spain, In Company With the President of France, Is Object of Anarchist—15 Persons Injured—Enjoyment Not Marerd.

Paris, June 2.—King Alfonso today continued to enjoy the festivities which France had prepared in his honor apparently undismayed by the anarchist's attack on his life, and pursued his way with President Loubet to the gala performance of last night. Accompanied by President Loubet, the king left Paris at 8:30 a. m. for the camp at Chalons-Marne to review the troops of the Sixth army corps.

Everywhere he was the recipient of tremendous ovations as yesterday's outrage evoked a national sentiment of affection and sympathy for the young monarch and universal reprobation for the attempt on his life. The king arose early and made anxious inquiries concerning the conditions of the persons wounded by the expolsion

of the bomb, and was assured that they were all alive which relieved him as the first report was that one policeman had died from his wounds. The king discussed the event with the French officers attached to his suite, and did not display any apprehension of further danger.

President Loubet escorted by a troop of cuirassiers arrived at the d'Orsay palace later and held a brief interview with the king. The party then proceeded to the Invalides railroad station where a special train conveyed them to the corps maneuvers at Chalons.

In the meantime the police continued their investigation and great crowds visited the scene for the bomb throwing. The front of the Louvre facing the Rue de Rivoli showed three distinct traces of the projectile. The violence of the explosion was so great that particles of the bomb the size of a nut were found on remote portions of the roof of the Louvre. The movement where the missile struck was blackened and rent, and under the direction of the police a square yard of the burned paving blocks was removed for the purpose of being used in the investigations at the municipal laboratory.

During the early hours the suspects arrested just after the explosion were further interrogated and the police later announced that the main suspicion appeared to attack to a young man named Arsene Arnould, who is held on the evidence of a woman who alleged that she noticed him lighting a supposed fuse. Arnould, who is employed as a laboratory attendant and resides in Paris is suffering from a wounded eye.

It developed today that shortly after King Alfonso passed last night another bomb was found in the Rue de Rivoli near the spot where the explosion occurred. This bomb also con-

The Sunday anti-baseball bill took up a great deal of time and finally passed, the vote being 21 to 9.

During the afternoon session Senator Blount, chairman of the special committee to whom was referred the communication from the Board of State Institutions, presented the following:

"Be it resolved, That it is the sense of the Senate that the communication from the Board of State Institutions, transmitted by the Governor to the Senate on May 30, 1905, is in its language and tone lacking in the courtesy and respect due to the Senate; that while the Senate is always willing to receive proper communications properly couched, yet it declines to receive and entertain communications not proper and not properly couched; therefore, the secretary is directed to send to the Governor a copy of the resolution and to return to him the said communication in order that he may transmit them to the Board of State Institutions."

The resolution was signed by all members of the committee, which was adopted.

A bill to have a closed season for shad fishing from April 1st to December 1st of each year, was passed.

The bill to empower the State to engage in life insurance business was made a special order for 10:30 a. m. tomorrow.

During the evening business was suspended and a handsome silver service presented to President Trammell.

In the House.

Tallahassee, June 2.—In the House yesterday a communication was presented from Hon. George W. Wilson, one of the trustees of the Florida University, which was addressed to the investigating committee. It was tabled.

The DeFuniak Fair was the recipient of a $4,000 appropriation.

The Senate bill to provide for the levy of taxes for the years 1905 and 1906 was taken up as the special order at 9:30 o'clock, and as objection was two fund to some of its provisions, it was Sprimporarily referred to Messrs. Rawls served Wells to prepare amendments. one of in the

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

These gentlemen promptly offered amendments seeking to cure the objections, after the adoption of which the bill was advanced to third reading and passed.

Senator Blount's armory bill was passed; also to protect food fish in the St. Johns river.

The bill in relation to banks and banking companies was indefinitely postponed.

Senator Crill's pure food bill was taken up out of order and it was laid on the table.

Mr. Cobb's bill to have the county commissioners report on the condition of the several county offices was passed.

Mr. Knowles of Monroe called up and secured the passage of the Senate bill relating to the recording of decrees and orders in chancery in this State.

Speaker Gilchrist, who had called Capt. Johnston to the chair, introduced a joint resolution proposing an amendment to the State Constitution relative to the proposing by the Legislature and submission to the people of proposed amendments to the Constitution. Upon motion of General Gilchrist the rules were waived and the joint resolution was read the second and third time and passed, 46 to 1.

A bill was passed to pay the expenses of the investigating committee of the Insane Hospital, $500.

The Pan-American Railway was granted until September 4th to begin work.

The Senate bill for improvements and changes in the Insane Hospital was passed; also Senate bill by President Trammell to grant State aid to common schools not otherwise receiving State aid.

At the afternoon session Mr. Knight introduced the following:

"Be it Resolved, That it is the sense of the House of Representatives that the communication from the Board of State Institutions transmitted by the Governor to the House of Representatives on May 30, 1905, is in its language and tone, lacking the courtesy and respect due to the House of Representatives; that the chief clerk is directed to send the Governor a copy of this resolution, and to return to him the said communication in order that he may transmit that to the Board of State Institutions. But that since the House of Representatives is willing to accord to such communication a publicity equal to that given to the report of the joint committee of the Senate, and the House of Representatives to which it purposes to be an answer, the chief clerk is directed to have such communication printed in the journal immediately succeeding this resolution.

"J. W. KNIGHT,
"J. T. FILLINGIM,
"JAMES A. SLEDGE,
"Committee."

After Messrs. Knight and Fillingim had spoke in favor of the resolution it was adopted.

Senator Crews' bill to prohibit overdrafts was passed; also a bill to make non-resident nurserymen pay a license.

The Stockton bill relative to lost titles and abstracts was passed; also Senator Stockton's live stock bill.

Senator Sams' bill to amend the game laws was passed.

Mrs. Harrietta E. Townsend of Alachua was granted a pension.

Mr. Melton's shad bill passed.

At the night session the committee to vindicate the Insane Asylum presented a report which did the work fairly well. No action was taken.

Lawyers Before Bar of Justice.

New York, June 2.—Pleadings in the case of Armitage Matthews, the secretary of the Republican county committee, John W. Wooten and Samuel T. Ferguson, indicted on a charge of larceny in connection with the estate of William Weissel, must be made next Monday. This decision was announced by Justice Davy in the counsel for Wooten asked for a post-today after an argument in which the criminal branch of the supreme court ponement. District Attorney Jerome, who opposed the delay, said "I have 15 lawyers under indictments, and it is almost next to an impossibility to get them on trial. Not one of them seems to be clamoring for a trial. This is to be regretted. A lawyer's reputation is his opportunity to practice, and you would think he would be glad to clear his name."

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Men Buried Under Landslide.

Montrose, Colo., June 2.—A message was received from the Guinnison reclamation tunnel cave, in which there have been twenty men imprisoned, that rescuers working from the western portal of the tunnel came upon a body, but before it could be taken out it was again buried by a fresh slide of dirt. Two men caught in the timbers are known to be still alive and hopes are entertained that most of the imprisoned men will be rescued. The cave-in occurred 3 feet from Cedar creek and the channel of the creek has been changed to remove any chance of the water percolating into the tunnel and drowning the imprisoned men.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Roosevelt to Visit South in October.

Washington, June 2.—President Roosevelt will start on his trip through the south next autumn on the night of the 17th of October. This announcement was made at the White House today. Coupled with it was the statement that the extraordinary session of congress which it is the present intention of President Roosevelt to call, will not begin until after the November elections.

Acute Rheumatism.

Deep tearing or wrenching pains, occasioned by getting wet through, worse when at rest, or on first moving the limbs, and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City Ill., writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." Sold by W. M. Johnson.

Wine of Cardui is worth its weight in gold. It does more than you claim. It has saved my life and caused me to become a mother when everything else failed. MRS. DORA I. E. LeFEVRE.

BRYANT, VA., Feb. 18, 1902.

My daughter-in-law, Lizzie Giles, found great benefit in Wine of Cardui. She had a miscarriage in March 1901, before using your medicine. She was in very bad health, so I persuaded her to try Wine of Cardui. Since then she has had a fine baby boy. Soon he will be three weeks old. She highly recommends Wine of Cardui.

My daughter, Fannie Hudson, also has a fine baby boy by your treatment. She highly appreciates Wine of Cardui.

GAINESVILLE FOR UNIVERSITY.

Tampa Tribune Declares That No City in State Is Better Adapted.

The Tampa Tribune of June 2 strikes the nail on the head and shows that Tampa, along with other sections that are now looking at the matter from a just and practical standpoint, with impartial reasons, believes that Gainesville is the proper place for the location of the Florida University. Editor Stovall, who is one of the most conservative and most careful writers in the State, says:

"The Buckman bill, which has passed both houses and been signed by Governor Broward, puts enormous power into the hands of the executive which no doubt will be exercised by Governor Broward with the most conecientious care and deliberation. It is of the greatest importance that the State board of control to be appointed by the Governor absolutely should be a body of upright, competent and untrameled men. To this end The Tribune urges that the Governor should not appoint on it any member of the Legislature who might be biased for or against any practical location for either of the State colleges, or any one who is interested financially in any town likely to become a competitor for said location.

"Gainesville is unquestionably the best location in the State for the University, which is the most important proposition. The city is located centrally, both geographically and with respect to population, and has everything desirable for the maintenance of the University. It has the school spirit, good water, a healthful climate, good buildings, and is a town without a saloon or a disorderly house, with a standard of morality that makes it an ideal college town."

STREETS BEING CLEANED.

East Main Street South Now Clear of Weeds and Makes Nice Appearance.

The Sun is glad to note the improvements in the matter of cleaning up the streets. After two or three days' attack on the filthy condition of things, the street committee decided to set the ball rolling by cleaning the streets. While the weeds and grass are not near so dangerous as unsanitary conditions in back yards, nevertheless it will have a tendency to make the thoroughfares better and more presentable, and those responsible for the change are to be commended.

It is to be hoped that occupants of dwelling houses and other private places will follow the example of the public workers.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

Notaries Don't Know.

Notwithstanding that notaries of the public as a rule are intelligent folks, there are a few who do not seem to grasp the conception of the law in certain instances.

The reporter was reminded very forcibly, and with some degree of humor, of this fact by Clerk Wienges Friday, who was recording a certain deed. The property involved was in the wife's name, and following the transfer was a certificate from the husband stating that the transfer was made with his full consent and without intimidation or persuasion in any manner, etc., the regular form intended for the wife being used.

Mr. Wienges states that this is entirely unnecessary, as a wife does not require the "free will" of her husband or any other man in selling property by this form. All that is necessary is a statement from the husband that there is no objection to the transfer and this settles the whole transaction as far as consent is concerned.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the outgrowed cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ and restores the hair to its natural beauty and abundancy.

Herpicide is now used by thousands of ladies—all satisfied that it is the most delightful hair preparation on the market today.

The Gainesville Directory.

Work is progressing steadily on the Gainesville City Directory, and the compiler expects to place all copy in the hands of the printer by the middle of the coming week. The compiling of this work has been a long and tedious undertaking, due principally to the fact that the compiler, who has other duties to perform, has been compelled to work on the directory at odd times. The "facts and figures" have all been secured, however, and the compiler is now closing out as rapidly as possible the advertising space. There are only a few pages left, the merchants and business and professional men as a rule giving hearty support by liberal subscriptions for space.

It was at first intended to issue the directory about June 5, but owing to the fact that the work could not be compiled in time, it will probably be the middle or the 20th of the month before the book will be ready for distribution. The book, however, will be a credit to any city of 10,000 population when completed.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollam & Company.

CHARGE AGAINST A SENATOR.

Arkansas Man Arrested on Bench Warrant for Alleged Bribe Taking.

Little Rock, Ark., June 2.—State Senator A. W. Covington, who was president of the senate of the session which closed May 4, last, has been arrested here on a bench warrant following an indictment returned by the Pulaski county grand jury, charging him with accepting bribes in two instances.

It is alleged that he accepted money for his vote and influence in connection with a senate bill appropriating $800,000 for the completion of the new state capital and a house bill, establishing a judicial district at Feinzenthan, Union county.

Senator Covington has been brought here from Clarksville, where he resides. Immediately after his arrival he gave bond in the sum of $1,000, and was released from custody.

Ready for the Veterans.

Louisville, Ky., June 2.—The executive committee of the confederate reunion is meeting at headquarters practically every night and so methodically has the work of preparation for the great gathering progressed that the stream of veterans from all parts of the country would come into Louisville and be entertained without a hitch. The headquarters for the delegations from the different states have been located in court rooms and the school buildings in several parts of the city, and the confederate badges will carry admission to any meeting or place of amusement during the reunion and sponsors' badges will admit the wearer and her escort.

PROCEEDINGS OF SENATE AND HOUSE

Many Important Bills Are Passed by the Senate.

SENT A MESSAGE TO GOVERNOR

Adulterated Food Bill Killed—Senate Honors President With Silver Service—Senator Stockton's Abstract Bill Passed—Game Law Amended.

Tallahasse, June 2.—The first masure for yesterday morning was the repeal of the law creating the Fish Commission of the State of Florida.

The bill appropriating $130 for the preservation of the battle flags of Florida was passed.

The bill to appropriate $40,000 for the hospital for insane was passed.

Mr. Rawls' House bill to amend the law prescribing the mode of procedure in cases of supposed insanity, was passed.

Senator Harris' bill relating to the recording of decrees and orders in chancery in the State was passed.

House bill amending the law relating to the assessment and collection of revenue and assessment of property, was passed.

House bill to require the trustees of the internal improvement, fund to deliver to the State auditor all books, records, vouchers and accounts belonging to said board, and to require the auditor to check and audit said books, vouchers and accounts and report to the next Legislature, was passed.

The Legislative expense bill, originating in the Senate, having been returned to the House, was taken up and passed.

The House bill requiring aliens and non-residents taking oysters out of State beds to pay $25 for each boat used, was passed.

A bill exempting physicians and surgeons from license tax, was passed.

A bill to appropriate $4,000 for the fair at DeFuniak Springs, was passed.

Mr. Watson's primary election bill was passed.

House bill relating to binding witnesses over by justices of the peace and county judges, when setting as committing magistrates, to appear before the grand jury, was passed.

House bill to prescribe the compensation to be paid members of the Board of County Commissioners and County Boards of Public Instruction, $3 per diem and mileage, was passed.

The Sunday anti-baseball bill took up a great deal of time and finally passed, the vote being 21 to 9.

During the afternoon session Senator Blount, chairman of the special committee to whom was referred the communication from the Board of State Institutions, presented the following:

"Be it resolved, That it is the sense of the Senate that the communication from the Board of State Institutions, transmitted by the Governor to the Senate on May 30, 1905, is in its language and tone lacking in the courtesy and respect due to the Senate; that while the Senate is always willing to receive proper communications properly couched, yet it declines to receive and entertain communications not proper and not properly couched; therefore, the secretary is directed to send to the Governor a copy of the resolution and to return to him the said communication in order that he may transmit them to the Board of State Institutions."

The resolution was signed by all members of the committee, which was adopted.

A bill to have a closed season for shad fishing from April 1st to December 1st of each year, was passed.

The bill to empower the State to engage in life insurance business was made a special order for 10:30 a. m. tomorrow.

Senate adjourned to 9:30 a. m.

During the evening business was suspended and a handsome silver service presented to President Trammell.

In the House.

Tallahassee, June 2.—In the House yesterday a communication was presented from Hon. George W. Wilson, one of the trustees of the Florida University, which was addressed to the investigating committee. It was tabled.

The DeFuniak Fair was the recipient of a $4,000 appropriation.

The Senate bill to provide for the levy of taxes for the years 1905 and 1906 was taken up as the special order at 9:30 o'clock, and as objection was made to some of its provisions, it was temporarily referred to Messrs. Rawls, Sprin- served Wells to prepare amendments, one of which [illegible] in the

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

These gentlemen promptly offered amendments seeking to cure the objections, after the adoption of which the bill was advanced to third reading and passed.

Senator Blount's armory bill was passed; also to protect food fish in the St. Johns river.

The bill in relation to banks and banking companies was indefinitely postponed.

Senator Crill's pure food bill was taken up out of order and it was laid on the table.

Mr. Cobb's bill to have the county commissioners report on the condition of the several county offices was passed.

Mr. Knowles of Monroe called up and secured the passage of the Senate bill relating to the recording of decrees and orders in chancery in this State.

Speaker Gilchrist, who had called Capt. Johnston to the chair, introduced a joint resolution proposing an amendment to the State Constitution relative to the proposing by the Legislature and submission to the people of proposed amendments to the Constitution. Upon motion of General Gilchrist the rules were waived and the joint resolution was read the second and third time and passed, 46 to 1.

A bill was passed to pay the expenses of the investigating committee of the Insane Hospital, $500.

The Pan-American Railway was granted until September 4th to begin work.

The Senate bill for improvements and changes in the Insane Hospital was passed; also Senate bill by President Trammell to grant State aid to common schools not otherwise receiving State aid.

At the afternoon session Mr. Knight introduced the following:

"Be it Resolved, That it is the sense of the House of Representatives that the communication from the Board of State Institutions transmitted by the Governor to the House of Representatives on May 30, 1905, is in its language and tone, lacking the courtesy and respect due to the House of Representatives; that the chief clerk is directed to send the Governor a copy of this resolution, and to return to him the said communication in order that he may transmit that to the Board of State Institutions. But that since the House of Representatives is willing to accord to such communication a publicity equal to that given to the report of the joint committee of the Senate, and the House of Representatives to which it purposes to be an answer, the chief clerk is directed to have such communication printed in the journal immediately succeeding this resolution.

"J. W. KNIGHT.
"J. T. FILLINGIM.
"JAMES A. SLEDGE,
"Committee."

After Messrs. Knight and Fillingim had spoke in favor of the resolution it was adopted.

Senator Crews' bill to prohibit overdrafts was passed; also a bill to make non-resident nurserymen pay a license.

The Stockton bill relative to lost titles and abstracts was passed; also Senator Stockton's live stock bill.

Senator Sams' bill to amend the game laws was passed.

Mrs. Harrietta E. Townsend of Alachua was granted a pension.

Mr. Melton's shad bill passed.

At the night session the committee to vindicate the Insane Asylum presented a report which did the work fairly well. No action was taken.

Lawyers Before Bar of Justice.

New York, June 2.—Pleadings in the case of Armitage Matthews, the secretary of the Republican county committee, John W. Wooten and Samuel T. Ferguson, indicted on a charge of larceny in connection with the estate of William Weissel, must be made next Monday. This decision was announced by Justice Davy in the counsel for Wooten asked for a post- today after an argument in which the criminal branch of the supreme court ponement. District Attorney Jerome, who opposed the delay, said "I have 15 lawyers under indictments, and it is almost next to an impossibility to get them on trial. Not one of them seems to be clamoring for a trial. This is to be regretted. A lawyer's reputation is his opportunity to practice, and you would think he would be glad to clear his name."

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Men Buried Under Landslide.

Montrose, Colo., June 2.—A message was received from the Gunnison reclamation tunnel cave, in which there have been twenty men imprisoned, that rescuers working from the western portal of the tunnel came upon a body, but before it could be taken out it was again buried by a fresh slide of dirt. Two men caught in the timbers are known to be still alive and hopes are entertained that most of the imprisoned men will be rescued. The cave-in occurred 3 feet from Cedar creek and the channel of the creek has been changed to remove any chance of the water percolating into the tunnel and drowning the imprisoned men.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Roosevelt to Visit South in October.

Washington, June 2.—President Roosevelt will start on his trip through the south next autumn on the night of the 17th of October. This announcement was made at the White House today. Coupled with it was the statement that the extraordinary session of congress which it is the present intention of President Roosevelt to call, will not begin until after the November elections.

Acute Rheumatism.

Deep tearing or wrenching pains, occasioned by getting wet through, worse when at rest, or on first moving the limbs, and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City Ill., writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." Sold by W. M. Johnson.

CARDUI BABIES

Many homes are mere lonely abodes because no children are there. Barrenness exists in almost every case because female diseases have paralyzed the organs of womanhood.

Wine of Cardui imparts health and strength to the diseased parts and makes motherhood possible in thousands of cases where barrenness is supposed to be incurable. Wine of Cardui regulates the menstrual flow and also prevents miscarriage and cures bearing down pains. Wine of Cardui removes the cause of barrenness by making the female organism strong and healthy.

Go to your druggist and secure a $1.00 bottle of Wine of Cardui. The use of Wine of Cardui will bring happiness to your home.

In cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tennessee.

AMETHYST, COLO., Feb. 24, 1902.

Wine of Cardui is worth its weight in gold. It does more than you claim. It has saved my life and caused me to become a mother when everything else failed. MRS. DORA I. E. Le FEVRE.

BRYANT, VA., Feb. 18, 1902.

My daughter-in-law, Lizzie Giles, found great benefit in Wine of Cardui. She had a miscarriage in March 1901, before using your medicine. She was in very bad health, so I persuaded her to try Wine of Cardui. Since then she has had a fine baby boy. Soon he will be three weeks old. She highly recommends Wine of Cardui.

My daughter, Fannie Hudson, also has a fine baby boy by your treatment. She highly appreciates Wine of Cardui.

GAINESVILLE FOR UNIVERSITY.

Tampa Tribune Declares That No City in State Is Better Adapted.

The Tampa Tribune of June 2 strikes the nail on the head and shows that Tampa, along with other sections that are now looking at the matter from a just and practical standpoint, with impartial reasons, believes that Gainesville is the proper place for the location of the Florida University. Editor Stovall, who is one of the most conservative and most careful writers in the State, says:

To this end The Tribune urges that the Governor should not appoint on it any member of the Legislature who might be biased for or against any practical location for either of the State colleges, or any one who is interested financially in any town likely to become a competitor for said location.

"Gainesville is unquestionably the best location in the State for the University, which is the most important proposition. The city is located centrally, both geographically and with respect to population, and has everything desirable for the maintenance of the University. It has the school spirit, good water, a healthful climate, good buildings, and is a town without a saloon or a disorderly house, with a standard of morality that makes it an ideal college town."

STREETS BEING CLEANED.

East Main Street South Now Clear of Weeds and Makes Nice Appearance.

The Sun is glad to note the improvements in the matter of cleaning up the streets. After two or three days' attack on the filthy condition of things, the street committee decided to set the ball rolling by cleaning the streets. While the weeds and grass are not near so dangerous as unsanitary conditions in back yards, nevertheless it will have a tendency to make the thoroughfares better and more presentable, and those responsible for the change are to be commended.

It is to be hoped that occupants of dwelling houses and other private places will follow the example of the public workers.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

Notaries Don't Know.

Notwithstanding that notaries of the public as a rule are intelligent folks, there are a few who do not seem to grasp the conception of the law in certain instances.

The reporter was reminded very forcibly, and with some degree of humor, of this fact by Clerk Wienges Friday, who was recording a certain deed. The property involved was in the wife's name, and following the transfer was a certificate from the husband stating that the transfer was made with his full consent and without intimidation or persuasion in any manner, etc., the regular form intended for the wife being used.

Mr. Wienges states that this is entirely unnecessary, as a wife does not require the "free will" of her husband or any other man in selling property by this form. All that is necessary is a statement from the husband that there is no objection to the transfer and this settles the whole transaction as far as consent is concerned.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Dr. Unna, the noted European skin specialist, declares that dandruff is the scurf-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ and restores the hair to its natural beauty and abundancy.

Herpicide is now used by thousands of people well satisfied that it is the most beneficial hair preparation on the market today.

The Gainesville Directory.

Work is progressing steadily on the Gainesville City Directory, and the compiler expects to place all copy in the hands of the printer by the middle of the coming week. The compiling of this work has been a long and tedious undertaking, due principally to the fact that the compiler, who has other duties to perform, has been compelled to work on the directory at odd times. The "facts and figures" have all been secured, however, and the compiler is now closing out as rapidly as possible the advertising space. There are only a few pages left, the merchants and business and professional men as a rule giving hearty support by liberal subscriptions for space.

It was at first intended to issue the directory about June 5, but owing to the fact that the work could not be compiled in time, it will probably be the middle or the 20th of the month before the book will be ready for distribution. The book, however, will be a credit to any city of 10,000 population when completed.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

CHARGE AGAINST A SENATOR.

Arkansas Man Arrested on Bench Warrant for Alleged Bribe Taking.

Little Rock, Ark., June 2.—State Senator A. W. Covington, who was president of the senate of the session which closed May 4, last, has been arrested here on a bench warrant following an indictment returned by the Pulaski county grand jury, charging him with accepting bribes in two instances.

It is alleged that he accepted money for his vote and influence in connection with a senate bill appropriating $800,000 for the completion of the new state capital and a house bill, establishing a judicial district at Feinzenthan, Union county.

Senator Covington has been brought here from Clarksville, where he resides. Immediately after his arrival he gave bond in the sum of $1,000, and was released from custody.

Ready for the Veterans.

Louisville, Ky., June 2.—The executive committee of the confederate reunion is meeting at headquarters practically every night and so methodically has the work of preparation for the great gathering progressed that the stream of veterans from all parts of the country would come into Louisville and be entertained without a hitch. The headquarters for the delegations from the different states have been located in court rooms and the school buildings in several parts of the city, and the confederate badges will carry admission to any meeting or place of amusement during the reunion and sponsors' badges will admit the wearer and her escort.

LETS THE CAT OUT O' THE BAG

The Buckman bill a covert and successful attempt of the Lake City University to assassinate the other State schools.

The people of Lake City owe a debt of gratitude to Senators Gillen and Adams for the successful fight they made for the University which they can never repay —Lake City Index.

So that's the milk in the cocoanut, is it? We are glad that even at this late hour our esteemed Lake City contemporary has let the cat out of the Buckman bill bag, and brought forth the nigger from the Buckman bill woodpile. So when Senators Adams and Gillen were battling so royally for the Buckman bill, they were battling for the Lake City University, eh? And so it is admitted that at the bottom the Buckman bill was a scheme of the Lake City University to murder the other schools of the State, with which it found itself unable to compete, eh? In battling for the Buckman bill Senators Adams and Gillen were working for the Lake City University, and by their success in assassinating the other schools of the State, they have laid the people of Lake City under "a debt of gratitude they can never repay," eh? Why didn't you let this be known a few days sooner? The Senate journal would, had you done so, certainly have told a different tale. Nobody knows better than the editor of The Index that had the Legislature had the remotest idea that the Buckman bill was a cloak under which the Lake City University might, in its own interest, stab to death the other State schools, the measure would never have rallied to its support a corporal's guard. He knows, too, that had the question of selection of location of the University been left to the Legislature, it would by an overwhelming majority have placed it at Gainesville. But we firmly believe our Lake City contemporary has crowed too soon. We thank him for the candid information that Mr. Buckman's bill was in reality and intent an assault by the Lake City University on her sister institutions; but even he cannot make us believe that Governor Broward was a party to the scheme; and so it may happen that the institution will be "hoist with its own petard," hit over the head with its own club. Governor Broward is a man of inflexible and incorruptible honesty, and will not lend himself to the nefarious schemes of any man or set of men. We believe that he will appoint on the board five honest, intelligent, disinterested men, and that the board after a careful survey of the situation, will locate the University where in their judgment it will be most advantageously situated. Feeling and believing that Gainesville offers these advantages, all we want is a square deal and a fair game; and we have faith in Governor Broward that he will see that we get them. Maybe after all, you whistled before you were out of the woods, Brother Index.

Remnant sale of a number of cruisers and torpedo boats—somewhat damaged by the recent cyclone. Inquire of Czar Nick.

The man who knows how to make business, puts in the dull days hunting up bargains when the time comes for people to buy.

THE JAPANESE.

Since the great victory of Admiral Togo over the Russian fleet, there has been much talk regarding the Japanese and the wonderful fighting qualities they have shown in every engagement since the war in the Far East began.

While Russia has more people and the Czar more wealth to prosecute the war, the Russian arms have met defeat on nearly every occasion, even when the chances were in their favor. The Russians have been fighting for the Czar and have no homes to defend or honor to maintain. A dissolute set of vodka drinkers at the head of their government, to support a cringing ruler whose only aim is to save his own head, it has been simply a demonstration on the part of a despicable bureaucracy.

Japan has advanced within the past few years along the line of civilization, they have an empire with modern ideas, and the people are contented. Their love of country leads them on to the utmost human exertion, and even the coolies have a respect for their sovereign that does not exist in Russia.

Education has done much for Japan, Christianity is doing much for that country every day, and the idea that because they are thus advancing they should not fight is all nonsense. True Christians will stand by their faith, but the icon worshipping the false Christianity of the Russians avails but little.

The right will nearly always prevail, and although the Czar has kept his priests busy, it is a time-honored saying that the prayers of the pernicious do not avail much.

The quality of cantaloupes in different portions of Florida is being discussed, and each locality thinks it has the best. This strife for supremacy is all right, as it will arouse every section of the State to produce the best fruit possible, and the best possible to be grown in Florida is as fine as the world can produce. Don't rush your fruit to market in an unripe condition and poorly put-up packages. The farmer who puts good fruit on the market, in neat parcels, always finds a ready sale for everything he grows.

DeFuniak Springs will make an effort to keep her schools up to the high standard they have attained, regardless of State aid. Like Gainesville, DeFuniak Springs has a reputation as an educational town, which they cannot afford to lose. The entire people of Gainesville took a deep interest in the East Florida Seminary, and to lose it after it had been here for upwards of fifty years, without a word against it, but much in its favor, was a direct slap in the face.

Some time ago The Sun had a short comment in regard to the man Neal of West Palm Beach who robbed the grave of a Seminole Indian and took the whole outfit North for an exhibition. He did not take it in the interest of science, the same as college professors kill cats by slow torture. He did it for money—to exhibit the remains at so much per, and now the Indians are going to prosecute him. Grave robbing is a serious offense, and there is a good chance for Mr. Neal having to pay for his ghoulish practice.

Get into the habit of taking a rest at noon, says Medical Talk. Lie down, if only for ten minutes, or five minutes. If you cannot lie down, lean back in a chair and close your eyes. Just forget everything. Rest, relax. Even if you do not sleep, rest. This practice will make you live longer. It will make you healthier while you live. It will probably make people want you to live longer. It will take the tangle out of your nerves, the irritability out of your temper. It will make your eyes brighter, your face fuller.

Yellow Fever Patients Doing Well.

Washington, June 2.—Governor Magoon of the Isthmian canal zone, today cabled the war department that there were now three cases of yellow fever on the isthmus and that all were doing well. The last case is that of William J. Kennedy, an American not an employe of the canal commission, who was taken ill May 24.

You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develope into nervous prostration.

Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality.

Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion.

It is also a nerve builder; it nourishes and strengthens every nerve in your body, and creates energy in all the organs.

Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine.

"During the past winter I had two attacks of LaGrippe which left me very weak, and in bad condition. I was so nervous I could not sleep. My wife, after trying different remedies, went for a doctor. The doctor was out, and a neighbor recommended Dr. Miles' Nervine, and she brought home a bottle. I had not slept for some time, and had terrible pains in my head. After taking a few doses of Nervine the pain was not so severe, and I slept. I am now taking the second bottle, and am very much improved."
HENRY M. SMITH, Underhill, Vt.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

BROUGHT HIS MAN.

Sheriff Fennell Returns From South Carolina With Alleged Murderer.

When it comes to shrewdness, Sheriff L. W. Fennell has few equals and no superiors. When he was elected to the responsible position of sheriff of Alachua county, one of the most important counties in the State, he was inaugurated with an oath that he would protect the people of his county and their interests from all lawlessness so far as was in his power, and he has carried out this obligation. No crime committed in Alachua county, in instances where the offender escaped, has been dropped or neglected until our worthy sheriff had the refugee in charge, if it was possible to accomplish this.

Sheriff Fennell has just returned from Edgefield county, South Carolina, where he went a few days ago for James Henry, a negro who is charged with the killing of another man at Grove Park in December of the past year. It will be remembered from the report which appeared in The Sun at the time, that Henry was alleged to have beaten this man, his housemate, to death with a fence rail, afterwards making his escape. Sheriff Fennell has made a close study of the situation and followed the negro to his old home in South Carolina, where he was arrested upon the charge upon instruction, and he is now safe in the Alachua county jail and will be tried for his life at the next term of the court.

Henry and the man whom he is supposed to have killed were employed on a turpentine farm at Grove Park. They became engaged in a row, so the story goes, when Henry picked up a fence rail and brained his companion, afterwards making his escape. At the time the tragedy created quite a sensation in that section.

Killed a Bear.

W. R. Steckert, land commissioner of the Cummer Lumber Company, has returned for a short time from LaFayette county, where he is engaged with Chas. Hill in surveying a large tract of timber. Mr. Steckert, while exploring California swamp a few days ago, killed an immense black bear. The animal weighed 400 pounds, and the incident which led to the killing was quite sensational. Mr. Hill first discovered the bear. He was about two hundred yards distant, and, being confronted by a new experience which he did not at the time appreciate, made the best time possible to the point where Mr. Steckert was located and reported the matter to him. With that bravery which comes to those accustomed to meeting wild animals, Mr. Steckert took his trusty rifle, went to the scene, and with one shot brought the beast down. He brought the hide to this city, and received the congratulations of his friends. Mr. Steckert will have a rug made of the skin, which will act as a reminder of the experience.

THE SOUTHERN BELL.

Gainesville and Jacksonville Will Soon Have Fine Telephone Service.

It is understood that the Southern Bell Telephone and Telegraph Company, which has been furnishing the city of Gainesville with a first-class telephone service for the past four or five years, will soon construct a long-distance line from Gainesville to Jacksonville, affording accommodation to Starke and other intermediate points.

While the rumor is not verified, it is believed to be a fact, since the Southern Bell Company has recently shipped to this city a couple of carloads of copper wire and other supplies. It is believed that work will begin on the line as soon as the force can be gotten together.

Manager Goodwin of the Southern Bell has given the people of Gainesville a first-class and up-to-date service, which is duly appreciated. The service has been perfect in every respect, and subscribers have no complaint to make. The long-distance line will prove a big advantage to the people of Gainesville, Jacksonville and intermediate points.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

STEP TOWARD SETTLING STRIKE

Teamsters Open Negotiations With Employers' Association to that End.

Chicago, June 2.—Steps toward a settlement of the strike were made today by the teamsters opening negotiations with the individual members of the Employers' association.

A committee consisting of three members of the department store delivery drivers' union was appointed by the teamsters' joint council to call upon the State street merchants.

The terms on which the committee was authorized to treat with the employers apeared to be practically those previously rejected by the merchants as a body, namely that in event of the raising of the boycott with reference to the members of the employers' association the drivers should not be required to deliver or to receive goods from the express companies.

Ate Poisoned Griddle Cakes.

Middletown, Del., June 2.—The poisoning of the family of Robert A. Cochran, one of the best known residents of this section, became known here. Arsenic was placed in griddle cakes which the family ate for breakfast. Seven of the members of the family became seriously ill, including Mr. and Mrs. Cochran, and they were in a dangerous condition for several days. They have now all recovered, however. When the seven victims became ill Dr. Ritchie, of Middletown, was summoned, and he at once diagnosed the cases as arsenical poisoning.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

Discuss "The Simple Life."

New York, June 2.—An address before the early meeting of the Society of Friends of this state, Rufus M. Jones, professor of philosophy at Harvreford college declared that "the simple life" which has been so widely discussed is not a matter of coats and hats or language not of garb or personal mannerisms. "It is," he said, "a quality of soul. Its antinym is duplicity. There can be no simple life without honesty of heart and purity. Those who would make the simple life their own must make their lives a ministry to others."

Tax on Babies.

Extreme hot weather is a great tax upon the digestive power of babies. When puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. Sold by W. M. Johnson.

Big Deal in Coal Lands.

Knoxville, Tenn., June 2.—The Bessemer Coal, Iron and Land company of Birmingham, Ala., today purchased the property and leases of the Wind Rick Coal company of this city. The purchase included 2,500 acres of coal properties, a spur railroad, and other mining accessories on the Cow Creek branch of the Russellville, road, near here. It is said the consideration was about $140,000.

A Bad Scare.

Some day you will get a bad scare, when you feel a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness, costiveness, etc. Guaranteed at all druggists'; only 25c. Try them.

Harrison's Granddaughter Dead.

Springfield, O., June 2.—News of the death of Mrs. Mary T. Plummer at Mineapolis has been received by her sister, Mrs. C. E. Hendry of this city. Mrs. Plummer is the first of 10 brothers and sisters to die. She is a granddaughter of Ohio's first president, William Henry Harrison, her mother, Mrs. W. H. H. Taylor, being his youngest daughter.

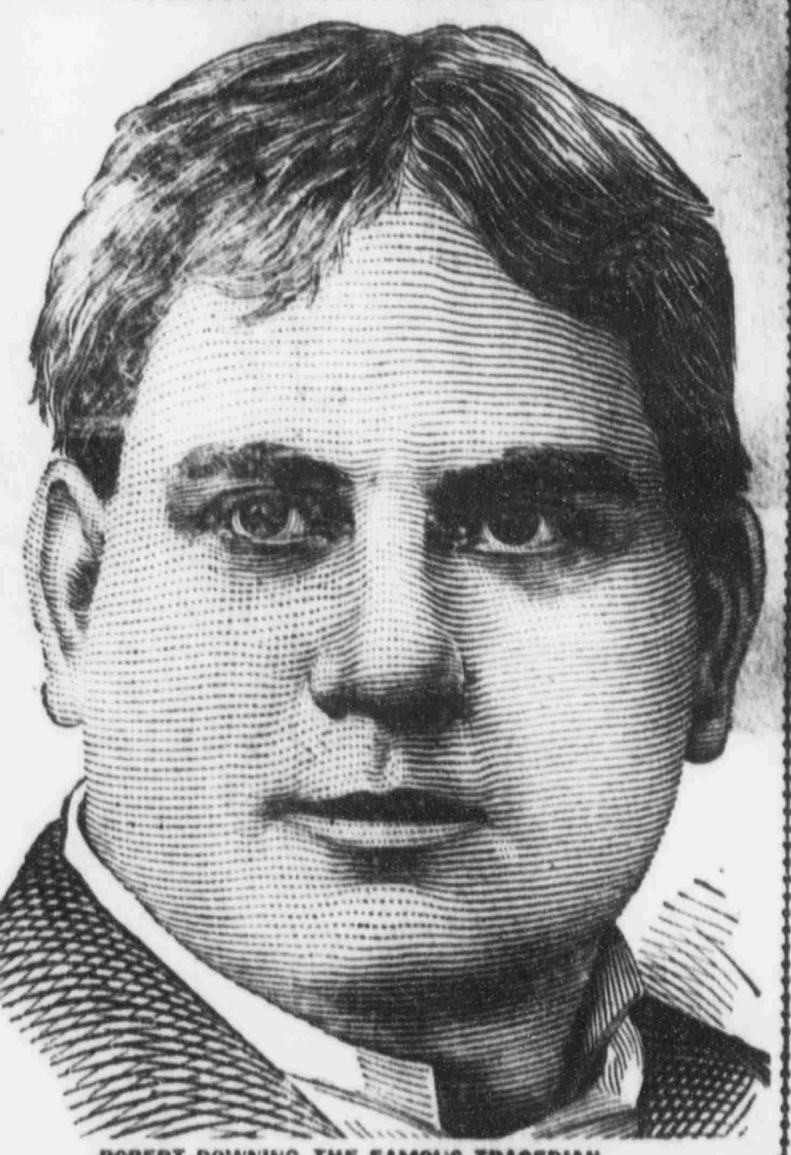
SYSTEMIC CATARRH

SO LITTLE UNDERSTOOD

Claims Many Thousands. A Tragedian's Thanks to Pe-ru-na.



ROBERT DOWNING, THE FAMOUS TRAGEDIAN.

In speaking of Peruna, Robert Downing, the famous tragedian, says:

"You may notice that persons in poor health always find the heat most intolerable; this I avoid by using Peruna. I know by the thermometer that the weather is hot, yet I have felt the heat less this summer than ever.

"I find Peruna a preventative against all sudden summer ills that swoop upon one in changing climates and water. It is the finest traveling companion and safeguard against malarial influences.

"The cooling action of Peruna on the mucous membrane makes it invaluable to actors and singers, as it does away with that tendency to sudden hoarseness so apt to overtake one on emerging from a hot dressing room to a draughty stage.

"To sum it up Peruna has done me more good than any tonic I have ever taken."—Robert Downing.

Dr. Hartman was the first physician in the United States to accurately describe systemic catarrh. His remedy, Peruna, the only systemic catarrh remedy yet devised, is now known all over the civilized world.

NOW IS THE TIME TO PAINT.

Important Memorandum.—The season is the most important factor in painting. A job completed, done by good painters, with the best quality of paint, costing say $40.00 (240.00 below $50.00 paint), will last five years. The same paint applied by a slacker (the $30.00 paint) will last only two years. Total the "per-year-cost" of the good painter's job at $10.00—the poor painter's $10.00.

'Above all, USE GOOD PAINT!

The oil! linseed oil! Just pure linseed is the "life"—the one great requisite of good paint for which there is no substitute—and the *sure* way to get the pure, fresh linseed oil is to buy the oil and

Kinloch HOUSE PAINT

separately. *For every gallon of Kinloch Paint buy one gallon of linseed oil.* This makes two gallons of paint, ready for use. You then *know* that the paint you're putting on your house is alive—"the genuine oil is in it," and paint is not paint unless it contains 50% of really pure oil. We will further explain the virtues of Kinloch Paint if you will call and see us.

The Food Value of a Soda Cracker

You have heard that some foods furnish fat, other foods make muscle, and still others are tissue building and heat forming.

You know that most foods have one or more of these elements, but do you know that no food contains them all in such properly balanced proportions as a good soda cracker?

The United States Government report shows that soda crackers contain less water, are richer in the muscle and fat elements, and have a much higher per cent of the tissue building and heat forming properties than any article of food made from flour.

That is why **Uneeda Biscuit** should form an important part of every meal. They represent the superlative of the soda cracker, all their goodness and nourishment being brought from the oven to you in a package that is proof against air, moisture and dust—the price being too small to mention.

THE GILLES OF BINCHE.

Their Carnival the Quaintest of Belgian Mediaeval Customs.

The persistent manner in which Belgians cling to their mediaeval festivals and traditions is a characteristic national trait well known to those familiar with the Flemish and Walloon provinces. The survival of such popular fetes as that of the carnival procession of the dancing Gilles at Binche attests the innate love of Belgians for these picturesque vestiges of their forefathers' civilization.

The festival of the dancing Gilles of Binche is in many respects the quaintest of these popular customs. This festival takes place on Mardi Gras at the Binche, a town of Hainaut. The carnival of Binche has always been held in high repute by Belgians, but without its Gilles it would not be substantially different from that of Rome, Nice and other towns.

These Gilles, or dancing men, who form the glory of the Binche carnival, are characterized by their headdresses and humps. The headdress is most elaborate and striking. In shape it resembles the old time top hat of our great-grandfathers. The hat is surmounted with magnificent ostrich feathers from three to four feet in length, which give to the wearers the appearance of giants. From each hat, besides, flow several wide, variegated ribbons, while the Gilles' trousers are bedecked with trimmings of real lace and ribbons to match those of the hat. Every Gille wears a mask and a silk belt, from which hang small bells.

The entire Gille's outfit costs from $40 to $50, a large sum for the peasant youths, generally selected by the carnival committee to fill the part of actors in the Mardi Gras festivities. The honor of being a Gille is so great, however, among the gay Lotharios of Binche and carries such prestige with the local damsels that the young men chosen by the committee are only too pleased to make the financial sacrifice demanded of them.

In the afternoon of Mardi Gras the Gilles, in full uniform, 200 strong, preceded by the local brass bands and musical clubs, appear in procession and march toward the Grande place. The sight thus offered is unique in the annals of carnival rejoicings. The Gilles proceed by dancing to the tune of the band just mentioned. At every few steps they stop, bend and unbend, to heighten the effect of the ringing from the bells worn at their belts. Their streamers float to and fro and envelop them in a rainbow of ribbon. At the same time the simultaneous ringing of bells and thumping of wooden sabots on the cobblestones sound like the echo of a cavalry charge.

The Gilles have each a straw basket hanging to one side from the belt and filled with oranges. With these they bombard the spectators as they dance along. As soon as emptied the baskets are filled again by men from behind, appointed for this duty. A general battle of oranges then takes place between the Gilles and the carnival merrymakers. Finally the procession reaches the town hall, in front of which, seated on a platform, is the mayor, surrounded by the municipal officials. The Gilles then terminate the day's festivities by a general war dance, giving a prolonged exhibition of their capabilities. The public likewise joins in the fun, and soon some 5,000 persons, men, women and children, may be seen gayly waltzing around the Grande place. The sight of an entire population dressed in carnival costume and masked dancing in the open air to the music of the Gilles brass band is one not easily forgotten. The dancing continues until the late evening, when the sport is brought to an end by the mayor, who formally awards a gold medal to the Gille who has proved himself the most expert dancer.—New York Tribune.

BONE STRUCTURE.

The Compact and the Spongy Kind and Their Strength.

Bone is of two kinds, compact and spongy. As the result of careful experiments it has been shown that compact bone is twice as strong as oak, considered simply as building material. In the shaft of a long bone it is in reality much stronger than this, for it is arranged on the advantageous principle of the hollow pillar, which gives the fullest resisting power with the least possible expenditure of substance.

The delicate layers and bars of spongy bone are arranged on the principle of an arch, enabling very considerable pressures to be resisted. It was found that a cubic inch of this tissue taken from the lower end of the thigh bone and weighing only fifty-four grains was quite uninjured by a dead weight of 448 pounds.

The curved bones which roof in the brain are constructed to resist great pressure, while they check the transmission of shocks to the brain. Arranged in the form of a dome, they consist of compact bones, with a spongy layer between. These are known as "tables" of the skull. The two outer tables are immensely strong, while the middle table serves as a layer by which the force of blows received

MAGIC IN ZUNI TRIBE.

Priest Apparently Lifted a Jug of Water With a Feather.

"The most startling feat I ever saw," said a man who had made a study of Indians in various parts of the United States for his own edification, "was performed by the priests of the Zuni tribe in Arizona, or, as they were called, 'The Ancients of Creation.' They seat themselves in a circle on the clay floor around a jar that will hold perhaps a gallon, an ancient and sacred earthen vessel, which is filled with water. The chief priest carries in his hand two ordinary eagle feathers, which are tied together at the quill ends so that they make a fork. Behind the circle of the priests are other members of the tribe and the musicians with their drums and gourds, who join in the chants with emotion.

"The incantations continue for several hours, and when the participants and spectators are brought up to a proper pitch of excitement the priest dips the feather tips into the water, lifts the jar with them and holds it suspended for a minute or two at a height level with his face or breast. Then he lowers it slowly to the ground. This feat is repeated several times during the performance. Apparently there is nothing in the hands of the priest but the feathers, and they appear to be inserted into the mouth of the jar only two or three inches. Of course there is some trick about it, but I was never able to discover it."—Seattle Post-Intelligencer.

FUNERAL OF MR. ANDERSON.

One of the Largest Ever Seen Here. Secret Societies Affiliated.

The funeral of the late W. R. Anderson, who died in this city Thursday evening, was held from the First Baptist Church at 3:30 o'clock Friday afternoon, and was largely attended, which attested the popularity of the deceased.

At the church Rev. S. B. Rogers, the pastor, paid a beautiful tribute to the life of the deceased, which had an effect. He was a noble young man, and the pastor did not hesitate in his eulogy of his Christian life. The Knights of Pythias, Odd Fellows and Patriotic Order Sons of America, of which orders deceased was a member, were present in a body, and the ceremonies at the cemetery were concluded under the Odd Fellows' ritual.

SIXTEEN CONVICTIONS

Marshal's Report Will Show Numerous Fines for May.

Marshal Pinkoson's report, which will be presented to the council next Monday evening in the regular meeting, will show that there has been "something doing" in his line during the month.

The marshal states that a great many arrests have been made, but several defendants have been released for lack of evidence, only sixteen having been fined during the month. These fines ranged from $1 and costs to $5 and costs, according to the gravity of the offense.

Death of Mr. Ramsaur.

Information has reached this city of the death of Raymond Ramsaur, which occurred at St. Petersburg a night or two recently from hemorrhage of the lungs.

Mr. Ramsaur was well and favorably known in this city, having a great many friends here. He was for years a conductor on the Plant System and Atlantic Coast Line, and at the time he was taken to his bed was running between Jacksonville and St. Petersburg, on which run he has been for the past five or six years.

Deceased was prominently connected in this State. He was a brother of D. W. Ramsaur, a prominent druggist of Palatka, and a brother-in-law of M. W. Stewart of Jacksonville, of the firm of the Christie-Groover Drug Company, the largest wholesale drug house in Florida. He was one of the most popular conductors in Florida, and those who knew him will regret very much to learn of his death.

To Star Subscribers.

In reply to the editorial in The Star of yesterday saying that I had no connection with that paper, I wish to say that W. M. Pepper, R. J. Holly, J. T. Percival and W. S. Osborn own and control the lease on The Star and property therewith. A copartnership was thus formed October 4, 1904. I was delegated May 18, 1905, by Mr. Percival, then the sole manager of the business, to collect all outstanding indebtedness or subscriptions. Mr. Percival's absence from the city and from the active management of the paper will not reflect upon the present management. W. S. OSBORN.

Account of Confederate Veterans' reunion the Seaboard Air Line Railway will sell round-trip tickets to Louisville, Ky., at the rate of $17 80, from June 10th to 13th inclusive, final limit to leave Louisville June 19th, 1905. Limit may be extended to leave Louisville as late as July 10 by depositing ticket with J. H. Richardson, special agent, Louisville, and paying 50 cents per ticket at time of deposit.
